Seek truth ... do justice.

*Loreto Justice
Circles offer an
opportunity to
seek truth and
do justice in
the spirit of
Mary Ward*

*Steps towards forming a
Loreto Justice Circle include:*

- Identifying a social justice issue that you are passionate about
- Forming a small group with others who share this concern
- Committing to growing in understanding of this particular issue
- Identifying an organisation or agency that is currently addressing this concern
- Forming a relationship with this agency by offering pro bono support based on the experience, skill sets and experience of your group
- Finding avenues for offering this support
- Meeting approximately twice a year with members of other Loreto Justice Circles (LJC) to reflect on experience, review progress and offer assistance to one another
